## 5. Version Control

git 15  
svn/Subversion 1  
Have never used version control 30  
Other 0

## 6. Do you have a GitHub Account?

Yes, I already had an account 24  
Yes, I created the account for this course 15  
No, I do not have a GitHub account 7

## 7. Which Git and GitHub features have you used? Select all that apply.

Make commits, e.g., git commit -m "Move include file to hpp file" 18  
Clone a repository, e.g., git clone https://github.com 18  
Create a tag, e.g., git tag v1.0.0 13  
Create a branch (via GitHub or Command Line) 13  
Create a pull request 11  
Merge a pull request 12  
Pull a branch into main 11  
Have never used git or GitHub 24  
Other 3

## 8. Completed CS Courses

Data Structures 15  
Internet Systems Programming 5  
Operating Systems 5  
Computer Systems 16  
Object-Oriented Programming 10  
Database Management 3

|                         |    |
|-------------------------|----|
| Algorithms              | 4  |
| Senior Seminar          | 0  |
| No classes on this list | 23 |
| Other                   | 4  |

## 9. Current CS Courses

|                              |    |
|------------------------------|----|
| Data Structures              | 14 |
| Internet Systems Programming | 13 |
| Operating Systems            | 0  |
| Computer Systems             | 5  |
| Database Management          | 39 |
| Algorithms                   | 0  |
| Senior Seminar               | 0  |
| No classes on this list      | 1  |
| Other                        | 4  |

## 10. What was the maximum number of hours you spent coding for a single class assignment/project?

This is the total number of hours you spend on the project. E.g., If you spent 1 hour each day from Tuesday through Friday, that would be 4 hours.

|                   |    |
|-------------------|----|
| 4 hours           | 4  |
| 8 hours (1 day)   | 13 |
| 16 hours (2 days) | 9  |
| 24 hours (3 days) | 14 |
| 40 hours (5 days) | 6  |

## 11. What was the longest timespan that you spent coding for a single class assignment/project?

This is the length of time from when you first started working on the assignment until submission. E.g., If you started working on it on Monday, skipped Tuesday - Thursday, then finished it on Friday, that would be 5 days (or 1 week).

|                    |    |
|--------------------|----|
| 4 hours (or less)  | 1  |
| 1 day              | 1  |
| 2 days             | 1  |
| 3 days             | 6  |
| 1 week (or 5 days) | 10 |
| 2 weeks            | 15 |
| 3 weeks            | 6  |
| 1 month            | 3  |
| Longer             | 3  |

12. What was the size of the largest group you were part of for a class assignment/project?

13. Describe any of your real world (i.e., outside of a class assignment/project) software development experience.

Enter "None" if you have no experience.
